Obtaining an ISBN is a crucial step in bringing a new title to market. We will provide both an ISBN and a barcode for your book. The process typically takes 5–10 days. To expedite this, we recommend finalizing your package as early as possible. Please ensure the book title, author name, and binding are finalized before we apply for the ISBN. We apply the ISBN from India which is valid globally.

Publishing Consultant – Shared

Once onboarding is complete, the PM will take over from the publishing consultant. Please note that we are offering shared publication manager in this package. In this shared role, they also support other authors, which may result in slightly longer response times compared to a dedicated Publication Manager.

In this package we will design one standard cover sample based on the requirement informed by author. Please note in this package the cover will have moderate level design and no illustration design. We take help of copyright free stock images while designing the cover. In case the author need more samples, then additional charges will be applicable for the same.

Book Interior

In this, we design the book interior for the author. Please note this service is also called as formatting service which will be standard type which is suitable for plain text books or minimal images or table type. Images and Tables Formatting – 15

Authors can provide up to 15 illustrations or tables as desired, which our interior design team incorporates seamlessly into the layout of the book. Additional tables of images if you want to add to the book, there will be some minimal charges.

Author Proofing

Author proofing refers to the process where, once we complete the book's interior formatting and cover design, we send it to the author for approval. The author will receive two rounds of proofing and must provide all corrections during these two rounds only to avoid additional charges, as any further rounds will incur extra fees.

Complementary Copies

The quantity of author copies an author receives will be calculated based on factors such as the number of pages, printing expenses, the use of color, and the type of book being printed. The quantity provided above is for paperback with 70 GSM paper quality, a maximum page count of 200 pages, and black and white printing with standard print sizes. Any changes to these specifications will result in a corresponding reduction in the number of copies.
