## Service Information

### Government Copyright – Yes

Government copyright grants legal protection to the author or creator of a book by providing them with exclusive rights to utilize, reproduce, distribute, and display their work. This ensures that others cannot use the work without the author's permission, thereby safeguarding their intellectual property. Clever Fox Publishing facilitates the application process on behalf of the author, including the submission of print copies to the copyright authority as required. Once the application is submitted, the author receives a diary number and credentials for tracking the copyright status. In the event that objections arise from the government, necessitating a hearing, legal representation may be required, incurring additional charges. In such cases, the author can seek assistance from a legal consultant. Copyright registration is processed in India.

### ISBN & Barcode

Obtaining an ISBN is a crucial step in bringing a new title to market. We will provide both an ISBN and a barcode for your book. The process typically takes 5–10 days. To expedite this, we recommend finalizing your package as early as possible. Please ensure the book title, author name, and binding are finalized before we apply for the ISBN. We apply the ISBN from India which is valid globally.

Once onboarding is complete, the PM will take over from the publishing consultant. Please note that we are offering shared publication manager in this package. They do not delve into broader narrative issues but ensure syntactical correctness and adherence to punctuation rules, tailoring the editing to the specified variant of English (US or UK). Please note that if your
